➤ **Line Strengths**

FAL3 is completing the China coverage of FAL1 by calling Qingdao in North China, Ningbo in Central China and Nansha, Chiwan, Yantian in South China.

Thanks to the call in Nansha, CMA CGM covers the Guangzhou area and all West PRD Ports. With calls in XIAMEN, NANSHA, CHIWAN And YANTIAN, FAL3 offers the most comprehensive coverage from South China to North Europe.

FAL3 calls the Port of Vungtau in Vietnam since November 2010, this call serves Hochiminh (by barge from the Inland container Depot of Catlai and Binh Duong), Phnompenh by Barge, Danang, Quinhon and Haiphong by Feeder.

A Westbound call in Zeebrugge every Tuesday enables FAL3 to connect :

- The UK East Coast feeder to Immingham and Teesport
- The rail connection to Duisburg.

It gives to the Belgium market the fastest Transit Times of the industry from Asia : Yantian Zeebrugge = 23 days!
